PRESS RELEASE | September 16, 2009

Mark Rolf Inducted into Trussway Hall of Fame

Yulee, Florida; September 16, 2009 – Trussway kicked off its Annual Sales Meeting at White Oak Plantation & Conservation Center this year by honoring long time Trussway employee Mark Rolf with the Trussway Hall of Fame Award. Having begun his employment in the Trussway early years in 1973, Mark was recognized as having the longest tenure to date of any Trussway employee. As a design manager, Mark has managed teams in both Houston and Virginia with much success that has included working tirelessly to improve the Trussway design program that began with streamlining the cutting bill years ago to more recently helping to develop the “hybrid” floor truss design. With his willingness to always assist others, an inventive mind, positive attitude and strong work ethic; it is easy to understand why Mark was selected to receive this prestigious award.

The Hall of Fame Award has been given only three times previously to key Trussway employees - Jim Thomas, Rip Rogers, and John Wiggs. To be eligible for the Hall of Fame award, an employee must:

- Have at least 10 years of employment
- Have taken on additional responsibilities with success
- Earned respect within the company by peers and customers alike
- Continually make a positive impact
- Consistently promote company goals and objectives
- Be a team player
- Strive to help co-workers improve their performance

President & COO Jim Thomas presented Mark with the Trussway trademark “Green Jacket”, a Hall of Fame ring and an all expense paid trip for him and his wife. Join us in congratulating Mark on this remarkable accomplishment that was well deserved.
